Letter of thanks

Dear Mr. Parag Bagul,

please accept this letter in recognition and appreciation of your efforts in pointing out vulnerabilities on the IT infrastructure of Technische Universität Dresden. You have helped us greatly in improving IT security at our university with your expertise and the tips about

- SQL Injection
- Cross Site Scripting
- publicly visible GIT directories

Unfortunately, your efforts cannot be honored in a Bug Bounty Program, as one does not exist at our university as of yet. However, I hope you will accept this letter as an expression of gratitude for your efforts in discovering the vulnerabilities.

Best regards

Matthias Rack
