

03 August 2022

Dear Parag Bagul,

We appreciate you taking the time and effort to responsibly disclose security issues on our assets.

The information and examples provided by you were of great help in reproducing and fixing the vulnerabilities.

The Hebrew University of Jerusalem considers the security of our systems a top priority, and we put a lot of effort into this. Alas, there are some issues like this which we did not noticed. A skilled person with security awareness like you, help us ensure the security of our systems. We would like to encourage you to contact us in case you find another security issue in our systems.

Thank you so much for your help – we appreciate it greatly.

With kind regards,

Alex Roitberg

Chief Information Security Officer

The Hebrew University of Jerusalem
